

Optometry's
MEETING®
June 16-20, 2010

Orlando, FL ♦ Gaylord Palms® Resort & Convention Center

CONFERENCE:
June 16 - 20, 2010
EXHIBIT:
June 17 - 19, 2010

“EHR: Deadlines Have Been Set”

Wednesday, June 16, 2010
12 noon - 3:00 pm

Learn what you need to know about EHR for the next 12 months. We will explain government incentives, changes with ICD-10s and e-prescribing, and how health care reform is changing the face of EHR. Directly following the presentation, companies will be available to answer questions to help you find the product that will best fit your practice needs, so you can select, implement, and maintain a successful EHR system. This course is open to optometrists, paraoptometricians, and students.

Lecturers: A. Gross, O.D.
A. Jasper, O.D.

Course 3120

Saturday, 4:00 pm - 5:00 pm

The Paperless Optometric Practice - Myth or Reality?

Lecturer: P. Gross, O.D.

This course presents the challenges the optometrist faces in creating the paperless optometric practice. In addition, the management of special testing and images will be discussed with ways to provide better patient care.
